TITLE

No "Little-t" Truths:
Socrates against Relativism

TOPIC

The Greek philosopher Protagoras denied there are "big-T," absolute truth--there's only what's true for you, and what's true for me. But in Plato's Theaetetus, Socrates defends absolute truth by turning Protagoras' own view against him.

Come on and join us to hear about the twists and turn of Socrates's ingenious argument and eat some pizza!
