To: faculty <faculty@cnu.edu>, employees <employees@cnu.edu>, students <students@cnu.edu>

CNU is committed to educating the campus community about the impacts of stormwater discharges on water bodies and the steps that the community can take to reduce pollutants in stormwater runoff. Please take time to [review the information on our website](#) about stormwater pollution and how to prevent it. Everyone plays a part in improving stormwater quality as it exits our campus to the Chesapeake Bay.

Stormwater Runoff - Pollution Prevention
