The Lighthouse Fund – Keeping Captains on Course

A parent loses a job. An illness requires unexpected medical expenses. Students shouldn't be forced to leave school due to emergencies like these. But it happens.

The Lighthouse Fund helps Captains stay Captains by supporting students who face unplanned financial needs that threaten their ability to remain at CNU.

When life sets Captains adrift, your contributions to the Lighthouse Fund will bring them safely home. Please consider supporting this initiative on CNU Day.

Remember to join the CNU Day festivities **on March 3** by:

1. Showing your spirit
2. Sharing our story
3. Making a gift

And share everything with us on social media using **#CNUDay15!**

Go Captains!
