# Introduction

This is Christopher Newport University the faculty and staff who are the heart and soul of this special place. On the following pages are the faces, names, titles, phone numbers and e-mail addresses of the faculty and staff who work as a team to prepare our students for life. And as a team, we must communicate effectively and often. To help facilitate this communication process, we have developed this book – *CNU FACES*.

Please use this as a resource and get to know your colleagues by face and by name.
