Campus Announcements: Daily Digest

Friday, April 22**Today is... Earth Day** [Link](#)

In 1970, the year of our first Earth Day, the movement gave voice to an emerging consciousness, channeling human energy toward environmental issues. Forty-six years later, we continue to lead with groundbreaking ideas and by the power of our example. This Earth Day and beyond, let's make big stuff happen. Let's plant 7.8 billion trees for the Earth. Let's divest from fossil fuels and make cities 100% renewable. Let's take the momentum from the Paris Climate Summit and build on it.

Don't forget to keep our Earth green by recycling! Here is an interactive map of the recycling bins on CNU's campus: <http://cnu.edu/green/maps/recyclemap/>
