To: faculty <faculty@cnu.edu>, employees@cnu.edu

All are invited to the kick-off of the 2014-2015 CSS Scholarship Series, featuring Dr. Nathan Busch, on this Friday, September 5, from 4 – 6 PM in the Luter Hall Atrium (3rd Floor). Beer, wine, and light fare will be provided.

Dr. Busch will be speaking on "The Iran Nuclear Crisis." The material for this talk is drawn from his most recent book project, *The Politics of Weapon Inspections: Assessing WMD Monitoring and Verification Regimes*. This project examines the successes, failures, and lessons that can be learned from past WMD monitoring and verification regimes—the international mechanisms, including on-site inspections, intended to clarify the status of WMD programs in suspected proliferators—to help determine how best to establish and maintain such regimes in the future.
