3. What are the objectives for this program?

This program was intended to offer an attractive major to students interested in teaching. Since the termination of the Department of Education and the institution of the MAT program, this concentration no longer has a potential pool of students and, actually, should have been terminated several years ago.

4. For whom is the new curriculum primarily intended? Explain why it should become part of the curriculum, and how this proposal relates to the University's mission.

The program no longer has a potential clientele – our program “Teacher Preparation in Sociology” makes this concentration redundant.

5. What is the anticipated enrollment in the new curriculum for the next three years?

6. How will the new curriculum be staffed/administered?

7. Has this curriculum, or one closely related to it, been offered at CNU previously? If so, is that curriculum currently being offered? How does the proposed curriculum differ? When is the last term the old curriculum will be offered?

8. Does the new curriculum or the change being proposed involve the creation of new courses, deletion of existing courses, or changes to existing courses? Please briefly list all changes here and indicate how these changes affect hours required for graduation.

For EACH new course being proposed, please complete the Undergraduate Curriculum Committee New Course Proposal Form and attach to this form. Remember to include a syllabus for each proposed course.

9. Does the new curriculum involve special equipment or costs? If so, please explain.
