Please join us for the Joseph W. Luter, III Hall Topping Out Ceremony on Thursday, January 26 at 11:30 a.m. on the pedestrian area between Luter Hall and the Freeman Center. The ceremony celebrates the erection of nearly 1,000 tons of steel by putting the uppermost steel beam into place signifying that the structure has reached its height.

The University community is invited to be a part of history and sign the Topping Out Beam before it is placed on top of Luter Hall. The beam will be available for signature between Luter Hall and the Freeman Center starting tomorrow morning until it is erected at 11:30 a.m. on Thursday.
