

**UNDERGRADUATE CURRICULUM COMMITTEE  
NEW PROGRAM/PROGRAM CHANGE PROPOSAL FORM**

1. Which category (categories) best describes the curriculum change for this proposal:
- Newly established degree program
  - Newly established major
  - Newly established minor
  - Newly established track/concentration/emphasis/certificate within an existing program
  - Newly developed program offering no major or minor
  - **Significant changes to an existing program's major/minor/** track/concentration/ emphasis/certificate
  - Termination of an existing program/major/minor/concentration/certificate/emphasis

2. Title of Program: **B.S. in Chemistry**

Catalogue Description (including credits): (Required only for new catalogue descriptions or changes to current catalogue descriptions)

**We are changing the physics requirement for the major. See below.**

3. What are the objectives for this program?
4. For whom is the new curriculum primarily intended? Explain why it should become part of the curriculum, and how this proposal relates to the University's mission.

**We are changing the physics requirement from Physics 201/202 to Physics 201/202/303 or Physics 151/152. This is because we did not realize that the students would have to take three semesters of physics to get a complete general physics background. They would also need to take additional math. This would work for the well-prepared major that already has calculus but not for all majors. Therefore, we would like to allow our students to take physics 151/152.**

5. What is the anticipated enrollment in the new curriculum for the next three years?
6. How will the new curriculum be staffed/administered?
7. Has this curriculum, or one closely related to it, been offered at CNU previously?  
If so, is that curriculum currently being offered? How does the proposed curriculum differ? When is the last term the old curriculum will be offered?
8. Does the new curriculum or the change being proposed involve the creation of new courses, deletion of existing courses, or changes to existing courses? Please briefly list all changes here and indicate how these changes affect hours required for graduation.

*For EACH new course being proposed, please complete the Undergraduate Curriculum Committee New Course Proposal Form and attach to this form. Remember to include a syllabus for each proposed course.*

9. Does the new curriculum involve special equipment or costs? If so, please explain.
