## FAMILY DAY FUN!

September 14, 2002

11 - 12:45 p.m.

The Great Lawn

I want to extend my personal invitation to all of you to bring your families to campus and join us for another CNU Family Day picnic on Saturday, September 14th. Harold Cones and his colleagues have

graciously agreed to fire up the smoker again to produce their world famous barbecue with the secret sauce... CNU will provide the cole slaw, baked beans, assorted drinks, paper products and utensils. Just as we did in April, everyone should plan to bring their covered dish specialty large enough to feed 10 people. In addition to the marvelous food and fellowship, we will have games, music and entertainment for all ages! Please take advantage of this wonderful opportunity to relax and enjoy the day with your CNU friends and colleagues. Immediately following the picnic, I hope you will all join us as we cheer the Captains to victory in their FIRST home football game against Randolph-Macon at 1:00 p.m.

### Critical Higher Education Bond Referendum on the Ballot this November

On November 5 of this year, the citizens of Virginia will be asked to vote on the issuance of general obligation bonds for urgently needed renovations and new construction projects on every community college and four-year college and university campus in the Commonwealth. This passage of this \$900 million referendum is vitally important to the future of higher education if we are to accommodate the 32,000 young men and women who will enter the system over the next 8 years.

These bonds would provide funding for the following projects at CNU:

Renovate/Expand the Information Technology Center/Library- \$11.3 million  
Renovate/Expand Gosnold Hall- \$5.8 million  
Convert Student Center to Academic Space- \$5.4 million  
Renovate Ferguson Hall- \$3.3 million

**TOTAL FOR CNU: \$25.8 million**

As you know, our need for additional academic and office space is critical. We must have classrooms and laboratories of sufficient size and number in which our students can continue to learn, experiment and discover. If voters do not approve the sale of GOB's for these projects, the bonds will not be issued and all renovation projects will be delayed or cancelled. The issuance of these General Obligation Bonds **DOES NOT** raise personal property or sales taxes. Because there are no contested elections this November, voter turnout is likely to be quite low so as you interact with your friends and colleagues, please help us spread the word about this referendum and its importance to CNU. If you have questions or would like additional information on any aspect of the higher education bond referendum, please call Margaret Yancey at 594-7942.
