**THE CLASS OF 2021** is a superb group of student leaders chosen for both their high academic achievements and their commitment to engagement through meaningful extracurricular activities.

We now place more emphasis on interview ratings and demonstrated commitment to CNU during the holistic application review process than in years past.

As we strive to transform hearts and minds, we celebrate the values inherent in the liberal arts and sciences. Students come first at CNU, and we are deeply committed to the outstanding young men and women who bring our campus alive with their energy, enthusiasm and intellect. CNU students **lead lives of significance**, and as they demonstrate exceptional leadership both in and out of the classroom, we applaud their extraordinary accomplishments.

# Scholarship PROGRAMS

## President's Leadership PROGRAM (PLP)

As part of PLP, each student earns a minor in leadership studies. Through challenging courses, public service, personal development, foreign study and other targeted opportunities, PLP empowers leadership students to make a difference — to become caring, knowledgeable and effective leaders for America and the world. **Each student receives an annual residential scholarship (including a study abroad award), as well as priority housing in a PLP Learning Community and priority course registration.**

[presidentsleadership.cnu.edu](http://presidentsleadership.cnu.edu)

## Honors PROGRAM

This unique program offers students more freedom to customize their academic experience for their personal and professional aspirations by reducing the liberal learning core requirements. This allows more time for interdisciplinary seminar-style courses and challenges students by means of study abroad, independent research, internships, jobs and volunteer experience relevant to their passions. **Each student receives an annual residential scholarship (including a study abroad award), as well as priority housing in an Honors Learning Community and priority course registration.**

# Applying TO CNU

We encourage students to apply to Christopher Newport as early as possible due to our selective admission standards. We anticipate receiving 8,000 applications for only 1,200 spaces in the fall freshman class. Students applying for Early Decision or Early Action will receive priority consideration for admission as well as academic scholarships.

Application Type	Deadline to Apply	Notification Date	Binding
Early Decision	November 15	December 15	Yes
Early Action	December 1	January 15	No
Regular Decision	February 1	March 15	No

## Early Decision

By applying Early Decision, students agree to enroll if offered admission. While they may apply to other colleges, they agree to withdraw all other applications if admitted. If they feel CNU is the right fit for them, applying Early Decision will give them the best chance for admission as it demonstrates their commitment to CNU, which we take into account when reviewing applications. Early Decision is binding.

## Early Action

Early Action is a nonbinding option and great choice for students very interested in CNU but still considering other colleges. By applying Early Action a decision will be made long before the traditional spring notification date.

## Regular Decision

Regular Decision is also nonbinding and provides the most time to submit their application. It has the latest notification date and is the most competitive.

## Admission INTERVIEWS

In-person interviews are strongly recommended for all applicants and are required for PLP and Honors candidates. This personal interaction is an important part of the application process. It is a great way to enhance your admission application and receive a personalized introduction to CNU. We want to meet you one-on-one to learn about you – your personal qualities, challenges overcome, and other important information we can't discern from your test scores or GPA.

[interview.cnu.edu](https://interview.cnu.edu)

## Test- OPTIONAL

Students with a 3.5 minimum cumulative GPA or higher in a rigorous academic curriculum or who are in the top 10 percent of their high school class are not required to submit standardized SAT or ACT test scores. Standardized test scores are required from merit scholarship candidates.
