3. What are the objectives for this program?

No changes for objectives, as listed in catalogue.

4. For whom is the new curriculum primarily intended? Explain why it should become part of the curriculum, and how this proposal relates to the University's mission.

The curriculum is not new, it is already a part of the curriculum. This proposal relates to the University's mission in that it will provide access and diversity to majors by allowing them more choices in their electives.

5. What is the anticipated enrollment in the new curriculum for the next three years?

Same.

6. How will the new curriculum be staffed/administered?

By current faculty.

7. Has this curriculum, or one closely related to it, been offered at CNU previously?

If so, is that curriculum currently being offered? How does the proposed curriculum differ? When is the last term the old curriculum will be offered?

Is currently offered. The proposed curriculum differs only in that it will drop the interdisciplinary requirements, allowing students 6 credits of electives. The last term that the old curriculum will be offered will be the 2005-2006 catalogue year.

8. Does the new curriculum or the change being proposed involve the creation of new courses, deletion of existing courses, or changes to existing courses? Please briefly list all changes here and indicate how these changes affect hours required for graduation.

For EACH new course being proposed, please complete the Undergraduate Curriculum Committee New Course Proposal Form and attach to this form. Remember to include a syllabus for each proposed course.
