Each of us has the capacity to make a positive difference in the world.

At Christopher Newport University, we want you to be successful in your studies. Even more importantly, we want you to lead a life of significance. With that in mind, we have designed an undergraduate experience to instruct and inspire great leaders for the future.

We want students who will make the world a better place — young people who have a passion for engagement and a strong sense of civic responsibility. Christopher Newport's outstanding liberal arts and sciences curriculum shapes hearts and minds for a lifetime of service. From the moment you arrive on campus, you will enjoy countless opportunities to develop as a leader.

Your journey begins in the classroom, where you will study with distinguished faculty — accomplished scholars of outstanding quality. Outside the classroom — from athletics to clubs and student organizations — you will fine-tune your leadership skills by collaborating closely with fellow Christopher Newport students. You will work together on projects and initiatives that make a lasting impact on our campus, community and the world.

I invite you to explore Christopher Newport and discover how you can make a significant difference and have the best four years of your life. Find out who we are and how you'll fit in. It's all about fit — the size, the place, the people and a community dedicated to your success. We hope you will visit us soon to experience the magic of Christopher Newport University.

Prutik

Chancellor

Christopher Newport University attracts outstanding students and prepares them to lead meaningful and consequential lives. We don't train our students to simply memorize and recite facts, but instruct and inspire them to think critically and actively engage in their community. Here you'll discover a vibrant campus as you pursue great dreams for your future and prepare to change the world for the better.

At Christopher Newport you'll learn the answers to two very important questions: **“What am I good at?” and “What do I love to do?”** Whatever your passions lead you to study — from electrical engineering to philosophy, from music performance to accounting — the liberal arts and sciences are the foundation of your academic endeavors. **Here we don't teach you to do something; we prepare you to do anything.**

CNU.EDU

LIBERAL ARTS AND SCIENCES

Many of the top careers today didn't exist 20 years ago. Studying the liberal arts and sciences provides a breadth of knowledge that will prepare you to take advantage of any opportunity that presents itself in today's global marketplace. Think of the liberal arts and sciences as your academic fitness routine. You invest your energy now, getting in academic shape to provide a strong foundation for success. Through Christopher Newport's rigorous curriculum you will learn how to think critically and communicate effectively while developing the tools and skills that will serve you for a lifetime of significance. Depth of knowledge is attained junior and senior year after declaring your academic major.

ACADEMIC EXCELLENCE

The undergraduate academic experience is the heart of our university. Our small class sizes give you direct access to experts in their fields — teacher-scholars who provide outstanding instruction, conduct groundbreaking research, and publish noteworthy books and articles. Our professors' passion is teaching, and you'll enjoy the intellectual challenge of working alongside them on exciting projects.

ENDLESS POSSIBILITIES

Map a future of endless possibilities through your academic courses and activities that complement your passions and goals. Through the classes you select and your extracurricular endeavors, you have the opportunity to customize your education, preparing yourself to thrive in either graduate school or your career of choice. Personal attention — a Christopher Newport hallmark — helps make this possible.

PREPARING YOU FOR SUCCESS

At Christopher Newport we are here to support your academic progress and transition into college life as you become an active part of our community. We will ask you to work harder than you ever have before, but we'll be with you every step of the way.

LIVING AND LEARNING COMMUNITIES

CNU.EDU/LEARNINGCOMMUNITIES

All freshmen are placed into a Living and Learning Community based on your interests, which facilitates a successful transition from high school to college. Living and sharing multiple classes with a small group of students and collaborating with faculty will promote learning beyond the classroom while providing extra support.

FACULTY CORE ADVISERS

All first-year students are assigned a faculty core adviser to work closely with you the first two years, helping you become integrated into campus life and encouraging your exploration of academics and activities. Your adviser will meet with you regularly, providing insight regarding academic expectations, offering support, introducing you to campus resources and engagement opportunities, and fostering an environment of shared responsibility and mutual respect. These first two years will provide a foundation for your major studies as you explore a wide variety of subjects.

DECLARING YOUR MAJOR

You will officially declare your major on Signing Day, a special tradition held during spring semester of your sophomore year. Then, spend the next two years pursuing your passion, focused on your chosen area of study. Once you have declared your major, you will be assigned a faculty major adviser from within that department who will guide you in the completion of your academic requirements and the transition into graduate school or career opportunities.

CENTER FOR ACADEMIC SUCCESS

CNU.EDU/ACADEMICSUCCESS

The Center for Academic Success offers tutoring, workshops, seminars and one-on-one assistance to help you improve your academic performance with effective study strategies. Peer writing consultants available in the Writing Center offer specialized help with all stages of the academic writing process.

CENTER FOR CAREER PLANNING

CNU.EDU/CCP

The Center for Career Planning directly assists you with academic major exploration, landing a first job or getting into a top graduate school. Workshops, seminars, job fairs, on-campus interviews and career counseling — a full range of services — are available to students and alumni.

Academic Excellence

KATIE GLOVER

'Go out and set the world on fire' – words that are regularly said by Chancellor Tribble are what made me choose to attend Christopher Newport. I have always felt this urge, a need, to go out and change the world. Because of this, I knew Christopher Newport was the place for me. During my time here I have been equipped with the knowledge and tools I need to go out and achieve just this. As a result, I am graduating college as a double major in political science and leadership with a minor in communication. I also studied abroad, expanding my knowledge on ancient history and classical studies.

Hannah Mayr

"The President's Leadership Program has encouraged me to practice servant leadership through my work as a volunteer in the community. In my case, that means building mentor relationships with students at a local high school. It has become my favorite part of my daily routine. Being a part of PLP has led to growth for me personally and academically and I have learned to be more empathetic. It has transformed my college years into meaningful time spent in service."

Leadership

PETER MILLER

"I have been pushed to engage in our community, travel the world, and learn through hands-on action and experience. Whether studying world leaders while abroad at the University of Oxford, exploring my own strengths and style in classrooms on campus, or leading fellow firefighters through a house fire, there is no place quite like Christopher Newport to learn to lead."

HONORS PROGRAM

CNU.EDU/HONORS

Are you exceptionally motivated and seeking an academic challenge? Through the Honors Program, talented students pursue a rich educational experience by attending specialized seminar-style courses on unique interdisciplinary topics. Honors inquiry requirements include study abroad, undergraduate research and internships.

PROGRAM BENEFITS

- + Renewable scholarships for each year of residence
- + In-depth exploration of diverse and intriguing topics
- + More freedom to customize your curriculum
- + Study abroad financial support
- + Independent study and undergraduate research with top professors
- + Priority course registration and special housing
- + Visiting scholars and speakers and a capstone seminar on contemporary world issues

Tamera Williams

"The Honors Program gave me the autonomy to mold my college experience to fit my goals and interests. The interdisciplinary courses allowed me to engage in research on topics of my own choosing, ranging from religion to juvenile detention reform. It also connected me with like-minded students that allowed my education to continue outside of the classroom."

UNDERGRADUATE RESEARCH AND CREATIVE ACTIVITY

CNU.EDU/RESEARCH

From the moment you arrive at Christopher Newport, you'll have the opportunity to integrate student learning through research and creative activity beyond the traditional classroom. It's one of the best things you can do as a student, and will help open doors to any endeavor after you graduate. As undergraduates, students from every major enrich our campus with their creativity and action, and work directly with expert teacher-scholars to create new knowledge and seek answers to great questions. Student work has led to peer-reviewed publications in notable journals, presentations at conferences both here and abroad, and performances across the country. Whatever field excites you, you'll find a unique opportunity to explore it here.

Some of the best science and engineering facilities in the world are right in our backyard, such as the Thomas Jefferson National Accelerator Facility (Jefferson Lab) and NASA Langley Research Center. We're also in the heart of one of the most historic regions in America, and our nation's capital is just a few hours away.

SUMMER SCHOLARS

Summer scholars are full-time, paid undergraduate research fellows. This program allows intellectually curious, motivated students to team with a professor on a compelling research question. The result is a community of scholars that promotes the collaborative nature of research, champions communication across disciplines and fosters discovery. Through this eight-week, in-residence experience, participants gain research and communication skills, learn more about the university's scholarly resources, and become better problem solvers.

PAIDEIA CONFERENCE

Paideia is Christopher Newport's annual conference dedicated to advancing important research across the liberal arts and sciences. Presentations span a variety of fields, from art to zoology, and everywhere in between. The conference is an interactive venue for students to share the results of their academic journeys with peers and faculty. More than 200 students present research at the Paideia conference each year.

LUTER SCHOOL OF BUSINESS

CNU.EDU/BUSINESS

As a student in the Joseph W. Luter, III School of Business you'll immerse yourself in a rigorous program that prepares you for a successful career and distinguishes you as a critical thinker, articulate communicator, and an ethical business and service-oriented leader.

Ahmad Frej

"Luter has provided me with an enriched academic experience where I specialize in my two majors while learning about other important business areas such as accounting, finance, business law and economics. I have a broader perspective of the business world and am prepared for success in any environment."

HANDS-ON EXPERIENCE

In addition to studying alongside expert professors in accounting, finance, management and marketing, you'll gain hands-on experience through internships, mentorships and other business-related activities. We have a tradition of winning top honors, capturing national and international awards, and competing against top business schools in direct marketing, case competitions and small business entrepreneurship. Our business students historically place within the 90th percentile on the AACSB national Major Field Test. Additionally, each year our accounting students participate in the Volunteer Income Tax Assistance Program to provide free tax assistance for low-income taxpayers. Students help prepare more than 200 state and federal tax returns annually.

The Luter School has the international stamp of excellence, accreditation from the Association to Advance Collegiate Schools of Business (AACSB). Less than 5 percent of the world's business schools have achieved AACSB accreditation. Employers look for applicants from high-quality, AACSB-accredited schools.

PRE-LAW PROGRAM

CNU.EDU/PRELAW

Interested in pursuing a career in law? The nation's top law schools seek applicants who have a well-rounded undergraduate education — one like the liberal arts and sciences curriculum Christopher Newport offers. Many of our pre-law students pursue a philosophy of law minor or an American studies major with a constitutional studies concentration, but regardless of your undergraduate field of study, our pre-law program is designed to help you gain admission to one of the nation's top 25 law schools and become a successful lawyer.

PROGRAM BENEFITS

We set you on the path to success through helpful resources and services:

- + Academic and career advising
- + Internships
- + Workshops, seminars and guest lectures
- + Networking opportunities
- + Phi Delta Alpha pre-law fraternity
- + Law School Admission Test preparation

Along the way, our pre-law adviser and other faculty members with a special interest in law are here to encourage your success. They will provide helpful insights regarding preparation for a career in law and the law school application process.

We also encourage you to explore legal careers firsthand by volunteering in courts and law offices and shadowing practitioners in various legal fields — experiences Christopher Newport will help you find.

3+3 PROGRAM

Our 3+3 accelerated programs with George Mason University and Regent University offer undergraduates the opportunity to fast-track their degrees. In just six years, instead of the usual seven, students can earn both a bachelor's degree from Christopher Newport and a law degree from the Antonin Scalia Law School, a top 50 program, or Regent University School of Law. After completing three years at Christopher Newport and gaining admission to one of the law schools, participants will become full-time, first-year law students at GMU's Arlington campus or Regent's Virginia Beach campus.

PRE-MED AND PRE-HEALTH PROGRAMS

CNU.EDU/PREMED | CNU.EDU/PREHEALTH

Medical schools and other graduate programs seek applicants with a well-rounded undergraduate education. The Pre-Med and Pre-Health Program at Christopher Newport assists students pursuing any academic major to prepare for post-graduate study. In addition to the necessary prerequisite coursework, we offer several resources to help you gain admission to your professional school of choice — from academic and career advising to mentoring, clinical internships, workshops and seminars.

EARLY ACCEPTANCE

Each year Christopher Newport sophomores in the Pre-Med Scholars Program may apply for and receive early acceptance to Eastern Virginia Medical School or VCU School of Medicine.

GRADUATE PROGRAMS

CNU.EDU/GRADUATE

Christopher Newport students can earn a bachelor's and master's degree in the following five-year programs:

- + Master of Arts in Teaching
- + Master of Financial Analysis
- + Master of Science in Applied Physics and Computer Science
- + Master of Science in Environmental Science

MASTER OF ARTS IN TEACHING

CNU.EDU/TEACHERPREP

Christopher Newport produces outstanding teachers through our master of arts in teaching program. Here you'll begin taking graduate classes your senior year, and during your fifth year you'll complete a semester of student teaching, earn your master's degree and become a licensed teacher in Virginia.

SERVICE DISTINCTION

Students who complete at least 140 hours of focused service within the local community graduate with Service Distinction. They also participate in various workshops that explore societal issues challenging our community. In addition to having the opportunity to serve, students gain valuable real-world experience, and their commitment and contributions are recognized at graduation and on their academic record.

BONNER SERVICE SCHOLARS PROGRAM

The Bonner Service Scholars Program is a four-year, developmental program that educates, equips and inspires students to engage our local community and beyond. Through a partnership with the Bonner Foundation, Christopher Newport joins a national network of 75 colleges and universities that support four-year, service scholarships. Bonner Scholars serve on a small, site-based team at least 10 hours each week during the school year, for a combined total of more than 300 hours each year. In addition to direct service, Bonners participate in program development, policy research, national conferences, skills trainings and other development activities. As members of the national Bonner network, students gain real-world experience, training and support.

OPPORTUNITIES FOR SERVICE

CNUENGAGE.ORG

Christopher Newport students contribute to the greater good by making a positive difference in the life of our campus, community and world. We offer countless opportunities – from service-learning initiatives and projects like Habitat for Humanity to the philanthropic work of our Greek organizations and student-athletes, among others.

DAY ONE OF SERVICE

At the beginning of each school year incoming students work side-by-side with faculty and staff, volunteering their time with local organizations and schools on Christopher Newport's annual Day One of Service. This initiative represents the first step in a four-year commitment by students to volunteer throughout their college years. Additionally, President's Leadership Program students make a significant impact as they complete at least 100 hours of community service.

Honor

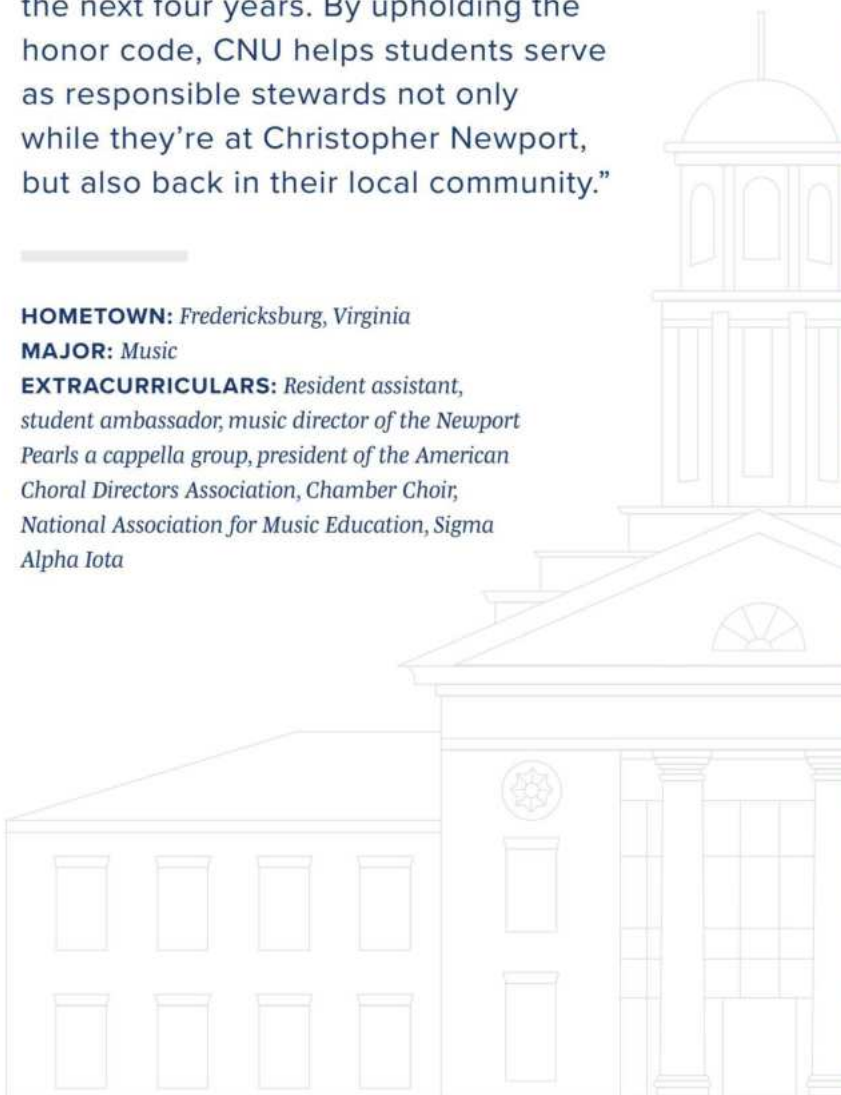

MIA JACKSON

“Christopher Newport’s emphasis on honor is one of the many reasons why I chose this school to be my home for the next four years. By upholding the honor code, CNU helps students serve as responsible stewards not only while they’re at Christopher Newport, but also back in their local community.”

HOMETOWN: *Fredericksburg, Virginia*

MAJOR: *Music*

EXTRACURRICULARS: *Resident assistant, student ambassador, music director of the Newport Pearls a cappella group, president of the American Choral Directors Association, Chamber Choir, National Association for Music Education, Sigma Alpha Iota*

OUR LOCATION

Newport News, Virginia

Christopher Newport is in the heart of one of the most historic — and beautiful — areas of the United States, and conveniently located amid popular Virginia attractions. When you venture off campus, you'll find unlimited activities for all interests as well as cultural and historical treasures within a short walk or drive. Plus, we make exploring our region easy because freshmen can have cars on campus.

The area offers so much to do, and our mild, four-season climate makes venturing outdoors a year-round pursuit!

- + Mountain-biking trails at Harwood's Mill and Mariners' Lake
- + The Noland Trail, a five-mile wooded path with views of the majestic James River
- + The Mariners' Museum, home to the USS Monitor Center
- + Numerous Civil War-era homes and historical areas
- + Huntington Beach on the James River
- + Virginia Living Museum

MERIT SCHOLARSHIPS

For first-time, full-time freshmen

BONNER SERVICE SCHOLARS

The Bonner Service Scholars Program is a four-year, developmental initiative that educates, equips and inspires students to engage our local community and beyond through a partnership with the national Bonner Foundation.

CANON VIRGINIA, INC LEADERSHIP SCHOLARSHIP

Scholarships are awarded to President's Leadership Program students with an interest in engineering or computer science.

COMPUTER SCIENCE AND ENGINEERING SCHOLARS

Scholarships are awarded to students who intend to major in computer science, computer engineering or information science.

FERGUSON ENTERPRISES PERFORMING ARTS SCHOLARSHIPS

Scholarships are awarded to outstanding students in music, theater and dance based on special talent and potential demonstrated during audition performance.

HONORS PROGRAM

The Honors Program features stimulating interdisciplinary seminar courses and requires at least two Honors inquiries chosen from study abroad, independent research, civic engagement or internships. Honors students are also afforded more academic freedom, with seminar coursework satisfying liberal learning core requirements.

PRESIDENT'S LEADERSHIP PROGRAM (PLP)

PLP is for high-achieving students who have shown a passion for engagement while in high school and who demonstrate leadership potential. This program uniquely integrates the academic study of leadership, service learning and personal development.

RIVERSIDE MEDICAL GROUP

Chosen from among the top incoming Pre-Med Scholars, RMG Scholars are mentored by Riverside Health System physicians and gain clinical experiences through summer medical rotations, as well as other medical education activities.

Financial Aid

Christopher Newport offers exceptional academics, stunning facilities and a vibrant campus life. Yet we recognize paying for college can be a challenge. That's why we distribute over \$50 million in aid to students each year. Most assistance comes in the form of federal and state grants, scholarships to reward merit and help students with financial need, educational loans, and college work-study programs.

FAFSA DEADLINE

Students who meet the preferred deadline, **December 15, 2022**, will receive their award packages earlier. Those who meet the priority deadline, **March 1, 2023**, will be considered for all types of eligible aid contingent upon available funding. If you have questions, our financial aid counselors are happy to meet with you and your family. Visit cnu.edu/financialaid or call **(757) 594-7170**

APPLYING TO CNU

We encourage students to apply to Christopher Newport as early as possible due to our selective admission standards. We anticipate receiving 8,000 applications for only 1,200 spaces in the fall freshman class.

Application Types

EARLY DECISION

By applying Early Decision, you agree to enroll if offered admission. While you may apply to other colleges, you agree to withdraw all other applications if admitted. If you feel Christopher Newport is the right fit for you, applying Early Decision will give you the best chance for admission as it demonstrates your commitment to Christopher Newport, which we take into account when reviewing your application.

EARLY ACTION

Early Action is a nonbinding option and great choice for students very interested in Christopher Newport but still considering other colleges. By applying Early Action a decision will be made long before the traditional spring notification date.

REGULAR DECISION

Regular Decision is also nonbinding and provides the most time to submit your application. It has the latest notification date and is the most competitive.

Application Review

When reviewing applications we consider each student's academic grades and curriculum, with special attention given to honors, Advanced Placement (AP), International Baccalaureate (IB) or dual-enrollment courses. We also look for students who demonstrate leadership ability, a commitment to service and community involvement, exemplary talents, and diverse experiences. As part of the application review, Christopher Newport requires a personal statement or essay of no fewer than 250 words to learn more about you, your goals and ideas.

PLACEMENT CREDIT

Credits for AP, IB and dual-enrollment are awarded for appropriate grades and test scores.

TEST OPTIONAL

Christopher Newport was one of the first public universities in Virginia to offer test-optional admission over a decade ago, and many of our admission offers are made each year to students who choose not to submit standardized test scores. We made further concessions in 2020-21 to account for testing hardships by lifting the minimum GPA and rank-in-class requirements for test-optional consideration. Our holistic review process takes many factors into consideration, and applying test-optional requires that we place more emphasis on other credentials. Many students still choose to submit standardized test scores from the Scholastic Aptitude Test (SAT), American College Test (ACT) and/or the Classic Learning Test (CLT) to bolster their admission and scholarship applications.

ADMISSION INTERVIEWS

We strongly encourage interviews for all high school seniors who plan to apply. This personal interaction is an important part of the application process. It is a great way to enhance your admission application and receive a personalized introduction to Christopher Newport. We want to meet you one-on-one to learn about you — your qualities, experiences and goals we can't discern from your test scores or GPA.

An interview is required for Honors and PLP applicants. Preference for those programs is given to those who interview by the December 15 priority deadline.

A wide-angle photograph of a university campus at dusk. In the foreground is a large, well-maintained green lawn. In the middle ground, there are several large, leafy trees. In the background, there are several university buildings. On the left, a large building with a white facade and a dome is illuminated. To the right, a red brick building with a tall, white, cylindrical tower with a dome is also illuminated. The sky is a mix of blue and orange, suggesting sunset or sunrise.
