To: faculty <faculty@cnu.edu>, employees <employees@cnu.edu>

Sent of behalf of Dr. Lynn Lambert, Graduate Studies

Happy summer faculty and staff,

I wanted to let you know about two opportunities for children at Christopher Newport this summer:

STEM Community Day is June 1 from 10am-2pm in the Freeman Center. This event is free, and will include hands-on STEM exhibits, robotics competitions, and STEM dance workshops and performances. Email stemday@cnu.edu for more information.

Camp Invention is for all children who are currently elementary school aged (rising 1st-6th graders). It will be June 24-June 28 9am-3:30pm at CNU. This is a camp for innovation and problem-solving based on a national curriculum developed at the National Inventors Hall of Fame. As an employee of the host school, you get a $30 discount when you register. Go to the CNU Camp Invention Registration page, and type HOST as the promo code under the "Program Team Member/Sponsor" link on your registration page. Email Holly.kerstetter@nn.k12.va.us for more information.

I hope you all have a wonderful summer.
Lynn Lambert
