The 2014 rankings of colleges and universities by *U.S. News and World Report* were published this week. CNU continues to climb in the rankings as our reach and reputation spreads.

CNU is now listed 18th among all regional universities in the south, 7th among public regional universities and once again, named as one of the 2014 “up and comers” for making “the most promising and innovative changes in the areas of academics, faculty, student life, campus or facilities.” Please see the remarkable progress that we are making as evidenced by our rankings by *U.S. News* in 2012, 2013 and 2014.

U.S. News and World Report Rankings

	2014	2013	2012
	<u>Ranking</u>	<u>Ranking</u>	<u>Ranking</u>
Best Regional Universities (South)	18	23	26
Top Public Regional Universities (South)	7	8	9
2014 Up-and-Comers (South)	3	3	6
A+ Schools for B Students (South)	✓	✓	✓

I have attached the complete list of the top 25 regional universities in the south, the 15 top public regional universities in the south and the 2014 up and comers.

Few schools in America, if any, have come so far so quickly. Thanks for being an important

part of the remarkable CNU story.
