The Vice President of Education & Development (Archon) will lead the New Member Class through the New Member educational courses located within Pi Lambda Phi University and educate them on local and international history, values and traditions.
2. The New Member will be subjected to three different New Member Evaluations.

The New Member Bid Extension evaluation is based on the content of one's character. To receive a bid to become a New Member, the Potential New Member must receive a majority vote from the present brotherhood based off of the Three Fits. Additionally to these Three Fits, the Potential New Member must have attained a minimum of a 2.7 cumulative grade point average during his time at Christopher Newport University, or any other accredited institution in the event that a Potential New Member transfers-in to the university. If a brother in good standing feels the New Member does not meet one of these fits, he may cast a Blackball which would remove the Potential New Member from the process.

Blackballs:

- Grounds for casting a blackball during the new member process must be justified. These justifications include:
 1. The new member no longer fits the values of the fraternity.
 2. The new member would otherwise be detrimental to the chapters health or well being
- Concrete evidence must be provided to the chapter as a reason for any of these justified blackballs.
- Blackballs can only be cast if a New Member no longer meets one of the three fits, shows that they no longer exhibit the New Member values (FRACK), and that they do not uphold the expectations of the brotherhood.

- Blackballs can be cast at any regular chapter meeting.

 - b. An affirmative simple majority of eligible voting members present at a bid deliberation is required for a potential new member to receive a bid.
 - c. The President (Rex) can overturn the Brotherhood Vote if a simple majority is not reached during only this evaluation if he feels votes were unfairly cast
