The Catering Department of Christopher Newport University is happy to release new and expanded catering menus and policies for the 2014-2015 academic year. Please save the attached menus to use for all of your on-campus catering needs. The Full Menu may be used by any internal or external group. The CNU Internal Menu is designed to fit within current per diem amounts and may only be used by internal CNU faculty, staff and student organizations. The CNU Internal Menu also includes a catering request form that may be useful in placing your catering orders.

Please contact the catering department with any questions regarding this new menu and our updated policies.

We look forward to working with you to make your catered event special!

Christine M Mellish
Catering Sales & Service Manager
