Maury O'Connell has been an all-important part of CNU for 15 years and no one has contributed more to the success of this University and our students.

As Dean of Students and Vice President of Student Services, Maury has shaped and led our efforts in admissions, financial aid, the registrar's office, student and residence life, university police, health and counseling services and the center for career planning. He has developed superb leaders in crucial activities and played a decisive role in creating the CNU of today. Our applications have exploded, the quality of our students has soared and there have been impressive gains in our retention and graduation rates.

Maury's life – and all of ours as well – has been blessed by his wife Mary and we wish these two cherished friends great happiness in the days ahead. We know that we will see them often because they both truly love this special place.
