

## MEMORANDUM

DATE: December 4, 2008  
TO: CNU Faculty Senate  
FROM: The Task Force on the University Eval-4  
SUBJECT: Submission of UE4 Proposal for Consideration

The Task Force has met virtually weekly throughout fall 2008 term to construct the attached proposal. It scheduled and conducted a faculty meeting to discuss an earlier draft, solicited response and feedback, and met again, incorporating and responding to faculty suggestions.

We suggest that the UE4 would link to the University Handbook through a sentence referencing the document, which would be maintained on the Provost's website.

The Task Group is appreciative of the Senate's consideration of the document as a useful guideline for faculty undergoing reappointment, tenure, and promotion reviews. The document does *not* provide standards for the post-tenure review.
