The Only Public University in America to Earn a Perfect "A"

Out of 1,100 schools, Christopher Newport is the only public university in the nation to be awarded a perfect "A" by the American Council of Trustees and Alumni, honoring our commitment to a rigorous core curriculum that

requires courses in American history/government, mathematics, natural science, foreign language, composition, literature and economics.

CNU is different than many other colleges and universities because we care about minds and hearts. Our purpose is to form good citizens and leaders. We want our students to lead lives of meaning, consequence and purpose. We call that lives of significance.

That's why at CNU we study the liberal arts and sciences and emphasize the study of leadership. That's why we have a rigorous core curriculum and celebrate our honor code and speaking tradition. That's why our students perform thousands of hours of community service. That's what makes us special — and that's why Christopher Newport has become a school of choice for outstanding students and faculty.
